

## KXM Series (23W/m)

IP-rated, Compact Mid Power Linear Luminaire, 50 LEDs per metre

- Suitable for indoor/outdoor use (e.g. beneath canopies)
- High output, low profile
- Compact 32mm x 25mm (cross section)
- 50 x Mid Power LEDs per metre
- Simple parallel wiring for ease of installation
- Low power consumption, low heat
- 360mm increments (P820 PCB)
- Long life - 50,000hrs typical

## Description

Attractive, compact linear luminaire, made from an aluminium extrusion (32mm x 25mm cross section). The KXM Series luminaire is fitted with 50 x mid power Osram LEDs per metre with wide angle (**WA**), very wide optics (**VWO**) or elliptical optics (**EL**), a clear polycarbonate filter and moulded endplates. Each luminaire is terminated with a 1 metre, 4-core flying lead (other lengths available) via a cable gland at the rear of the extrusion. The circuit boards are fitted with on board "linear regulation", allowing *parallel* wiring for ease of installation. Supplied with custom designed mounting brackets to allow for adjustment. **Connect to 24VDC constant voltage njo control boxes or power supplies.** Fitting lengths and electrical details are shown on page 2.

## Characteristics

### Optical

**Number of LEDs** = 50 x mid power LEDs per metre  
**Optics:**

Very Wide Optics (**VWO**) = Ledil Siri Dome  
Elliptical Optics (**EL**) = Carclo IP-rated optics  
Wide Optics (**WA**) = Carclo IP-rated optics

Colour	Wavelength	Output/metre
Red	625nm	270lm
Green	528nm	445lm
Blue	470nm	130lm

*Note: Lumen output accounts for an 90% optic efficiency.*

### Electrical

**Operating Voltage Range** = 23.0-25.0VDC (24VDC typ.)

**Typical Current** = 0.95A per metre (Configured in 3 strings of 6 LEDs, each string running at 113mA)

**Power Consumption** = 23W max. per metre  
*Above data is for njo P820 PCB*

**Luminaire Classification** = Class III (In accordance with BS EN 60598-1:2008)

### Mechanical

**Housing** = Powder-coated aluminium

**Filter** = Extruded clear polycarbonate

**End Plates** = Injection moulded polycarbonate

**Mounting Brackets** = Stainless steel

**Termination** = 4-core PUR cable, 0.34mm<sup>2</sup> CSA, 4.5mm O.D. (njo ref. W413), length 1 metre

**IP Rating** = IP66

**Resin** = Partial fill with electronics-grade silicone

**Product Weight** = 0.9kg per metre

## Selection Guide

KXM1520	PS-	RGB-	WA-	C-	24-	2M
Product Series	Housing	LED Colour	Output Angle	Filter	Voltage	Cable
KXM = Compact Linear LED Luminaire 1520 = Length in mm	PS = Powder-coated Silver (RAL9006) PW = Powder-coated White (RAL9010)	R = Red A = Amber G = Green B = Blue CW = Cool White MW = Mid White WW = Warm White RGB = Colour Change RGBW = Red, Green, Blue & White	WA = 40° EL = 45° x 16° VWO = 120° (Other optic angles available, please ask)	C = Clear	24 = 24VDC	2M = Metre Cable 5M = Metre Cable  (if a 1 metre cable is fitted, no code needs to be added)

**Example KXM1520-PS-RGB-WA-C-24** (KXM 1520mm, Powder-coated Silver, Red, Green & Blue LEDs, Wide Angle Optics, Clear Filter, 24VDC, 1 Metre Cable)

# KXM Series (23W/m)

IP-rated, Compact Mid Power Linear Luminaire, 50 LEDs per metre
